Work Experience

Thumbtack | Senior Brand Designer

Sept 2022–Present. Remote

Thumbtack is a platform that helps users to search and hire local professionals to work on various projects. I build a cohesive identity that drives presence in the market and sparks lasting audience connections.

Revenue.io (formerly ringDNA) | Brand Designer

Apr 2021–June 2022. Remote

Revenue.io is a complete AI–powered RevOps platform that delivers real–time guidance in the moments that matter. I created a visual language across a variety of formats as an extension of the brand.

TheKlab | UI/UX Designer

June 2020–Apr 2021. Remote

TheKlab specializes in remote B2B sales and marketing consulting. I conducted early-stage research and usability testing to shape solutions for a new navigation system, designing user flows, personas, wireframes, and high–fidelity prototypes. I also created the style guide, UI visuals, and custom icons.

Hack@Brown | Design Lead

Sept 2019–Jan 2021. Providence, RI

Hack@Brown is an annual hackathon that welcomes individuals of all skills and backgrounds to create with creativity and technology. I codirected the design team to develop the website, UI visuals, virtual space, motion graphics, posters, and team swag. 400–800 hackers are registered each year.

Intercollegiate Fiance Journal | Editorial Design Lead

Jan 2019–Jan 2021. Providence, RI

IFJ aims to make business and finance news more accessible for students. I led the editorial design team to coordinate online and print publications. I worked with section editors to manage cycles of writing and considered from typography to layouts to graphics and illustrations.

RISD Global | Design Assistant

Dec 2019–June 2020. Providence, RI

For RISD Global that cultivates academic events and global learning on campus, I created the website content including social media digital assets. Pamphlets and posters are created under my direction.

lemlem | Product Design and Marketing Intern

May 2019–July 2019. New York, NY

I designed digital banners, packaging, and website content highlighting the brand identity of lemlem. I experienced on–site photoshoots and photographed flat lays of the seasonal collection. I assisted the marketing team with cognitive strategies to interpret market research and customer experience.
